

Dear Friends!

We want to say thank you very much! What a blessing that you love Hungarians from Romania faithfully. What a joy that through your love we can show love too. The blessings are double. Thank you!

We got the nice packed shoe boxes just in the time, before our Christmas celebration we had among the church. After the service the three kindergarten groups went in their rooms and had the Christmas party together with their parents. The outstanding time of this party was when the kindergarteners got the boxes in their hands. None of our kindergarten remain without Christmas shoe boxes. Even those who couldn't come to the celebration got their boxes after it. Praise God we could also say thank you with one of these boxes to our coworkers and the helpers too (therapeutic teachers, cleaner and 3 poor families). So everybody was very happy! Above you can enjoy some pictures, so you can see the cute happiness on the faces.

After the kids went home and open the boxes they shared with us, how nice and useful things they found! THANK YOU VERY MUCH!

Thank you again for your faithful love to God so we can be loved by Him through you! May his love help you to be faithful to Him in this New Year.

*We love Him, because He first love us! 1John 4:19*

*Love is patient, **love is kind.** 1 Corinthians 13:4*

***His faithful love** endures forever. Psalm 136*
